About Boustead Hotels & Resorts

The creation of The Royale Bintang Hotels & Resorts Group by Boustead Holdings Berhad was based on the objective to design, create and manage a chain of hotels with unique architecture and experiences.

The beginning of The Royale Bintang Hotels & Resorts Group's was a humble one - we first began with The Royal Bintang Kuala Lumpur in year 2004, with premises located right in the heart of Bukit Bintang. The hotel was inspired by the popular tourist spot's fast-paced energy, and it went beyond our expectations to become an enduring success.

Today, The Royale Bintang Hotels & Resorts Group manages four hotels in Malaysia, each with its own individualism and personality that blends as one with their natural environment. The Royale Bintang The Curve was officiated in year 2005 and is located in the shopping destination of Mutiara Damansara. In the year 2009, two hotels were launched - The Royale Bintang Resort & Spa Seremban, located in the neighbouring state of Negeri Sembilan and The Royale Chulan Kuala Lumpur, our 'jewel in the crown' and a five-star ranked hotel, tucked in the vibrant KL vicinity adjacent to the shopping center The Pavilion.

Three new hotels are set to be launched - The Royale Bintang Villa Cherating, Pahang, The Royale Bintang Damansara (located in Surian Damansara), and The Royale Bintang Penang
